Ben and Diane Bustamante

Ben and Diane Bustamante serve as church planters in Italy.

We are missionaries in Italy who met on the mission field. We have one daughter, Hannah Joy.

The Lord has led us to plant 5 churches that are healthy and doing well. We continue to minister to these churches as well as to further equip and strengthen the body in discipleship, leadership training and evangelizing the lost. We became missionaries because we are “not willing that any should perish.”

Our greatest moments are seeing people miraculously restored through the saving grace of Jesus Christ. One of these converts is now the pastor of the Milan church. Another convert is now a powerful worship leader in one of the churches.

God’s message is alive and well in Italy!
