

Wilver and Sandy Chable

Wilver and Sandy Chable do evangelism, conferences, preaching, and Bible distribution in Latin America.

We travel many times as a family, or at times I travel with one of my children. My wife preaches and holds women's conferences. Both children preach, and my daughter leads worship and holds youth conferences. Overall, we do preaching, teaching, street evangelism, revival services, pastoral support, and construction projects.

So far, we have planted churches in three different towns. We believe the Lord is opening doors. For many years we have traveled to different Latin American countries to preach revivals and hold different conferences.

On one trip, my daughter and I went to the northern side of Argentina, a rough area, and preached at seven churches. At one of them, 22 people that had never heard of the name of Jesus gave their lives to Christ. Three days later at another service they brought some of their family members. There we gave them their very first Bible. They cried like babies.

Any amount you donate will help us go to places like that to preach, teach, and distribute the Word of God while we offer support to the pastoral families.
