Heather Hammons

Heather Hammons works in different countries and regions in many different ministries ranging from Vacation Bible Schools, inner-city ministries, after school programs, personal evangelism, Bible studies, drama ministries, street evangelism, and translation work with pastors and church groups.

While growing up in church, I fell in love with missions. At the age of 16 I went on my first mission trip through the STEP program with YWEA. As I began studying at Lee University, I was able to go on numerous trips to Central and South America.

God did amazing things during these trips . He opened doors for me to work with many different ministries ranging from Vacation Bible Schools, inner-city ministries, after school programs, personal evangelism, Bible studies, drama ministries, street evangelism, and translation work with pastors and church groups.

After 20 years and many trips, I continue to combine my passion for spiritual growth and discipleship training. I have a love for the cultures and people of different nationalities along with a desire to assist and train the church to use their skills and abilities to further God's Kingdom.

As Christians we all are called to make a difference. Some ways are specific; some are not! I invite you to become a part of this ministry in specific ways. The most important is to become a prayer partner, to intercede for this ministry (Ephesians 6:18-20, Colossians 4:2-4). The

second is to become a financial partner (2 Corinthians 9:6-15).
