MEET ZURI

SHOW PICTURE OF THE SHREVE FAMILY

This is Zuri Schreve, she is the youngest in her family and the baby of 5 children. She has grown up in Georgia, USA. Her parents are pastors and have taken her to church all her life.

Zuri has three brothers and one sister. She is always up for fun and likes to laugh with her family!

MISSIONARY PARENTS

Zuri had heard about her parents living in far away places as missionaries before she was born. Her dad and mom often talked about sharing Jesus with people in other countries. Sometimes she helped them pack their suitcases for short-term trips, where they would share the good news about Jesus. Zuri and her mom prayed for her dad whenever he was away on one of these mission trips. When he was away, he would send pictures of the places he'd been and the people he has shared the gospel with.

THE BIG MOVE!

When Zuri was 7 years old her family decided it was time for a big change! Her parents had been praying about doing more than taking short-term trips, they wanted to go long-term back to the mission field.

They decided to pack up everything in their home and move their family to a different country whose language was different too. They were going to move to the Philippines to be missionaries! They wanted to return to the mission field again, this time with their children!!

Zuri's oldest brothers and sister had already grown up and had moved out of the home, so it would only be her and her nearest brother moving with their parents to the new country.

EXCITED AND NERVOUS

Zuri was excited, but nervous.

Most children don't get to take trips to another country to share the good news of Jesus with children who speak a different language. But Zuri wasn't just going to take a trip, she was going to MOVE to another country! This was going to be like going to a whole new world for Zuri.

Zuri was going to be a missionary like her parents!

SPEAKING ABOUT THE EXCITEMENT OF
MOVING TO ANOTHER COUNTRY

Zuri and her family had to start a whole new life in the Philippines.

- They had to find a place to live
- Enroll in a new school for her and her brother.
- They had to learn their way to the new grocery store, which wasn't really a store, but more like a market.
- They had to learn the new language, which was like learning to speak all over again!
- They had to make new best friends.
- And if they didn't already love it, they had to learn to love Basketball - the National Obsession!
